The Lady:

Gorgeous black girl - better than the pictures. Dressed in a see through dress and small thong neither of which stayed on long. Serena smiles alot, is generally concerend that you are going to have a good time by asking what you would like to do with her. Nice touches like she hangs up your clothes for you and rund the shower

The Story:

As I got out of the shower Serena dropped to her knees to give me oral. She is good at that. We had a kissing session and she does not hold back. I helped her out of her clothes and moved from her lips to her soft brown nipples which she loved. Tf she had not hung my coat up I am sure it would have hung on those. More kissing and then i turned her round to kiss her back and bum while still playing with her nipples - they are fantastic. I laid her on the bed and licked her pussy. If the nipple kissing got het going tis drove her wild. I culd have spent the whole date there, she is so responsive urging you, guiding you to her clit and generally withing and screaming. At one point she arched her back so high from the bed I stopped but she guided me back and said she wanted more. She thanked me and said she really enjoyed it. More oral and then I laid her back with her legs over my shoulders and we fucked for a while. I changed her to doggie and eventually the look and feel of her great bum made me come. We then laid in each others arms chatting before she gave me a massage. A return to the shower and then I left with a last kiss. Great girl I will return for another session
