The Premises:

Very easy to find, not a discreet entrance, but at least for a first timer you won't be straining to find it like some parlours. It's a clean and perfectly reasonable place with photos on the walls of all girls working there.

The Lady:

Rose's face is blurred out on the site's pictures, but she lived up to what I had hoped for. Very good looking Malaysian lady, ripe tits, pretty faultless body.

The Story:

Having recently had a less than average punt at a parlour around the corner from La Maison, I was keen to redeem matters with Rose who I knew had good reports.

This was to be only the second time with an Asian girl - the first, a Chinese girl at Sinderellas all of 6 years ago, has remained the best punt of my life...till now!

Rose ran me a shower which I took and then we got down to business. I've not had great experiencing in the kissing department in parlours, most don't seem keen, but my word Rose certainly was! If like me you have a penchant for seeing asian girls kissing passionately, then this is heaven. Rose snogged my face off, and she very much led, and I thought I was keen!

She then proceeded to worship my body, with kisses, licks, sucking, biting my nipples, and heavenly foreplay, the likes of which I've not experienced before. She devoured my cock with passion, she appears to like her job and she's the very opposite to those girls that want to make you cum and get you out of the room in quick time.

She seemed to want to continue enjoying my (average) body forever, but I wanted to have a go on her. I returned the compliment in a similar but clearly less skilled manner, tasting her body up and down and performing oral on her which seemed to hit the right notes.

I then penetrated her with me on top and made her orgasm, if it was faked then she's good, however - we changed to her on top and she rode the hell out of me and I swear she orgasmed to such a level that she cried with pleasure, it seemed absolutely genuine, this was a new zenith for me! She must have orgasmed 2 to 4 times during intercourse and if this wasn't genuine then she deserves an Oscar.

The dreaded call came from outside to finish, so I came penetrating her and just spent a minute snogging to round off what felt like love making between lovers not a punt!

After every punt I've had, even the top ones, I always leave with some feeling of remorse over the money I've spent, but for the first time I had none of that feeling and I just smiled my way out of the building. I just wish all punts could be like this.

I never go back to see the same girl as I like to sample a different girl each time, but I would definitely consider seeing her again.
