The Premises:

Basement flat in large Victorian house in residential area. On-street parking available.

The Lady:

Kylie is Chinese, about 5'2" possibly 34A/B. Was told she was 24 but maybe a bit older, perhaps size 10.

The Story:

Was admitted by Kylie and into the room and agreed the usual service including OWO. Room wasn't too warm so gave her a cuddle before the massage. This was with oil, quite gentle but relaxing culminating with her rubbing her body against my back and kissing my neck and ears. Turned over for oral and started gently sucking her nipples. (I wanted to stroke her pussy but she said no as I'd been handling money which was dirty. Made me smile but she had a point.) I could see she was enjoying it so suggested I give her some oral. She was unshaven. After a few minutes of that and it was on with the condom and she rubbed herself while doing mish until we both came. Had a little chat afterwards but her English is not that good and my Mandarin non-existent. Hours later, for reasons I don't fully understand, I can't help thinking about her and wondering about what sort of life she had in China and what it will be like when she returns. But I cannot forget her smile.
