### The Premises:

Ground floor flat located in a side road near Sydenham High Street. The inside is not immaculate, but it isn't grotty either. I ended up in the 2nd bedroom which has a makeshift or some kind of sofa bed, not ideal, but it suffices.

### The Lady:

Due to the snow, I had got to the place before any of the girls, but was told they would be here shortly so I decided to wait for a bit. The first girl arrived and she wasn't to my liking so I waited some more. When Crystal got there I knew I had made the right choice. She is a very pretty, tall, curvy (but not fat), long thick wavy haired brunette with olive skin and ample but not large boobs. Mmmmmmmmm, overall, she was very pleasing to the eyes. She is English, which I don't usually go for, but she is also a mix of European and South American and looked like just my type.

### The Story:

Not too many details here. Crystal did a good service. Nice OWO followed with a bit of mutual masturbation and she let me touch and rub her pussy quite a bit. Then on to the sex. I opted straight for missionary during which she made some nice moaning noises, but nothing over the top or fake sounding (although they may have been). I tried to last as long as possible, but after 5 minutes and looking at her sexy body I couldn't hold on any longer and that was that.
