The Premises:

A lovely basement flat - very safe. Shower/toilet area was a bit small, but shower was clean and hot.

Spacious bedroom and a nicely made up bed with saucy red bedding. Very romantic.

The Lady:

Incredibly cute long haired brunette with softly spoken accent to match. Don't be put off by the lack of face photos. Easily ticks the gorgeous girl next door/student look.

Wore sexy black suspenders, stockings and high heels as requested and kept them all on during the action which was appreciated.

The Story:

My first report after 7 years on Punternet and the message boards and first apologies to all for not providing reports before. Laziness on my part. Realised it was time to give to the Punternet community as well as take.

Anyway Rosalie - I don't want to fall into cliches but she was amazing. We had a nice chat to start off (and to finish)- this girl is a graduate with a knowledge and genuine interest in world affairs. Rosalie is highly intelligent, pleasant and we clicked easily.

As requested she handcuffed me to her bed and proceeded to tease me brilliantly. We had a good time letting her discover my sensitive spots for her to play with, she liked softly teasing my nipples. Oral on me was covered but still really good. Rosalie then sat on my face for some reverse owo.

The highlight was still to come when Rosalie slowly sat on my cock and then proceeded to use her vibrator to cum. Feeling her contractions on my cock as she came was lovely. She then rewarded me by riding me to orgasm as I lay tied to her bed.

This was one of the best tie and tease sessions I have ever had. I'm planning my next trip already.

If you're looking for a more hardcore domme experience then look elsewhere. Rosalie's not into inflicting any pain despite me giving her the go-ahead to do so. But that's OK - she doesn't pretend to advertise that service, and I wouldn't want her to do something she was not comfortable doing.

I suppose the only other negative was that I now have the song "Rosalie" by Irish rockers Thin Lizzy in my head all the time now. Great band, but not their best song by a long shot....

Can't wait to see her again. Cliche? Yes but who cares.
