The Premises:

Nice cosy flat located close to Warren Street tube station. All the usual facilities available, with a nice shower offered before and after.

The Lady:

In a word, stunning. Her pics are a good likeness of her but don't capture the sensuosity she exudes.

The Story:

Met Briony on the ground floor of the building where her flat is located. I was expecting to be taken up to her room before the fun and games began but she started off there and then, frisking me to see if I had anything 'dangerous' on me (I did!) then whispering dirty anecdotes into my ear before finally being taken to her flat.

In her flat, we engaged in various forms of sexual activities ranging from oral, to toy play to rimming. Half of the session is her playing the dominant role, where you are expected to follow her lead. The second half is her becoming more submissive and for you to take the lead and direct matters. The only minor quibble is that her oral is a bit toothy, so it can become uncomfortable after a while.

All in all, the experience was outstanding.
