The Premises:

Middlesex St (aka Petticoat Lane) is on the edge of a seedy area and the city financial district so is fine (market wasn't on when I was there, though). Flat is the Aldgate end. Outer door is a bit exposed, but the area is anonymous enough for it not to be a problem. Flat is nice enough, better than area would suggest. Shower is available.

The Lady:

Thai girl, not the usual tiny figure of many Thai girls, and breasts certainly fuller as well, but certainly not over-weight. Very friendly and decent girl. Encountered her originally in South London a year or so ago when she told me she worked near Liverpool St, and it's taken me this long for my repeat visit.

The Story:

The usual things - nice teasing massage, then oral with and sex. It was as good as I remembered.
