The Premises:

Nice garden flat, very clean. Residential area of Paddington, fairly quiet.

The Lady:

Her pics on the website are highly accurate. She is attractive with a very nice body, very full and large breasts (I thought enhanced, but she likely was already busty before, eg, they are perfect). She is probably early 30's, and she takes care of herself.

The Story:

She is nice girl, makes you feel comfortable, but might be a slight bit reserved for some. Simple owo and a few standard positions, off with the glove and hand/breast relief for a finish.

From some of the stuff I read on other FR's, I can't say anything about the action was noteworthy, it was fairly straight stuff. But she was sweet, she has a killer body, a nice laugh, I mean, in the end, I'll take that over crazy. Good english and funny too. For those interested in an actual trip out on the town with an oriental companion, I think she would be the ticket.
