The Premises:

Top floor of a house in North Worcester. Kayleigh met me in the street outside having just driven from elsewhere and showed me in. It's on a side street so discrete enough. Inside was perfectly OK but I have been in nicer places.

The Lady:

Probably late 30s - big fake tits not done that well which always puts me off I'm afraid. Reasonable body but not in the first flush of youth so to speak.

The Story:

Kayleigh advertises in the local free paper as 'New to Worcester' and has been doing so for about 12 months.

I had to pay ?70 for the GFE which is more than the ?50 I was quoted on the phone but that was just the basic service apparently. In fairness Kayleigh performed OWO on me well and took my balls in to her mouth which I like. Kissing was reluctant though. I was able to lick and play with her pussy and I came in mish. Problem is I can get more attractive girls who give a much better service in nicer surroundings for a lower price. I could not in all honesty recommend Kayleigh to the discerning punter but I guess if you're stuck in Worcester where choice is limited then you might take a punt. Beware the fake boobs though!
