The Story:

I've been meaning to see this girl for a while but only got round to it yesterday.

I should mention that this is the first field report I have ever submitted in probably over a decade in punting.

The main reason for starting now is I am finding it increasingly common for service providers to promise XYZ etc but then refuse point blank to entertain any notion of actually providing what they said they would.

I am an easy going chap, a very undemanding punter and always very clean, hygienic, shaved, kept tidy down below etc.

Anyway, found Miley on the @w site, made the arrangements, and got to her place.

I found her a little businesslike but I don't have a problem with that.

I had checked beforehand if she provided 'swallow' and she said yes. When I got there she said she didn't like this but would do it as long as there wasn't too much. She then proceeded to start giving me a BJ, which was very fast to the point of being uncomfortable. I asked her to slow down and try a little deepthroat, (which is on her enjoys list) but was met with a sharp no! The BJ turned into more of a HJ. Needless to say when it came to the swallow, she didn't.

Round two and we had intercourse in a few different positions. Although slightly mechanical for my liking she didn't have any problem taking a good seeing to, so credit to her on that score.

All in all I left disappointed and was glad to get out of there, she looked like she couldn't wait to get shot of me too!!

The reason I make the effort to visit specific escorts is because they say they provide specific services, and when they don't I feel mugged to be honest. I should have just stayed at home and had a wank.

I have no problem with girls not providing XYZ etc, and never have and never will ask someone for a service they haven't specifically said they are happy to provide. I don't even have a problem when a punt isn't that great or the girl is having a bad day, as stated I am pretty easy going.

I do have a problem with dishonesty, and its getting more prevalent.
I'll be swerving the purple site now for the foreseeable and reverting to other methods.
Apologies if my first report sounds like a whinge, but it probably is..
I guarantee my next one will be a lot happier!!
