The Premises:

Ground floor flat, nobody in the street seemed interested in me, i was expected, and the door was opened for me!, Once inside i was asked to remove my shoes, the flat was exceptionally clean and tidy.

The Lady:

Chinese, about 24 years old but difficult to say, short, slim, long dark hair, usual sad little face, all in all a good looking girl, with passable English.

The Story:

Sasa told me she is here on a student Visa to learn English, a few weeks ago a friend asked her to answer the phones in a massage shop, inevitably she was asked to do a massage and i assume that was the start of her career. What is nice is she is new and unspoiled, she likes doing this job and says she meets nice people !, Well i must be one of those people, she kisses and cuddles you, she plays with the old fellow as if she has all the time in the world, she sucks it (without), she is willing to oblige with any request you may have. I must say a great punt, a girl who really raises the standard, I will see you again soon Sasa, Please treat her nicely guys.
