The Premises:

Block of flats on the main road in a very safe area. There is a security guard/concierge on the desk but as with most of these places you can walk straight past and they probably won't even look up.

The Lady:

Petite - about 5ft4 with a very toned fit little body and pretty face. Exactly like the photos on the site that shall not be named.

The Story:

I handed over the required fee and sat on the sofa. She asked me what I wanted (I said kissing, oral, sex) but perhaps I wasn't explicit enough in the kind of GFE thing I was looking for as she immediately stripped off all her clothes until she was naked and said I should do the same. I suppose I was a bit disappointed as I like a bit of mutual undressing and snogging. Then on to the bed she performed pretty well with some FK and OW.

After I came we chatted a bit whereupon she said about five times she shouldn't have worked today as this is normally her day off. To pass the time and to help get me in the mood I asked her to put on her school girl outfit and once she'd reluctantly dug it out it stayed on for all of about two minutes before she stripped off again and threw it in the corner of the room! I wanted to have sex but with her quite perfunctory attitude I lost interest and decided to call it day. At least when I showered and there were clean towels.

I think she's been doing it a little too long - two years I would guess from her FRs and profile. Others with very definite agendas may get more out of her.
