Very clean flat, large bedroom with high ceilings and a spotless bathroom.

The Lady:

Not one of the ultra petite Thai ladies, about 5,5, slim but with some wonderful curves.

The Story:

Tried to get an appointment with Maria, Nana, Briony and a few others but none were available it was Friday evening so this is understandable. So in the end I decided to take a genuine punt and try out one of Aisha's newer recruits and a very satisfying experience it was too.

Olivia is newish to the game, being only a few weeks in London so don't expect too much from her English, also she is still learning some of the dark arts of the bedroom, what she does have is bags of personality, enthusiasm and an eagerness to learn. She was a passionate kisser throughout after a little coyness to begin with, a shared bath was a little chaotic if fun. I asked her to rim me, she said she had only done it for the first time last week, but had no problem burying her face in my asshole, her technique wasn't amazing but will no doubt get better. Blow job and fucking were first rate she's obviously done them before, did not ask about anal I'm not that fussed about it anyway.

She was very keen to show me all the new toys and outfits she had been buying and also about all the new sexual experiences she had been having in London, which was a real turn on for me. I would say Aisha has found another star here, she has all the personality, looks, attitude to be a first class courtesan once she has a bit more experience under her belt.
