### The Premises:

Nice clean establishment on an industrial area so no prying curtains quite secure entrance

### The Lady:

Alesha says she is Italian I think she might be Eastern European but nevertheless she is a stunning 5'4" dark haired dark eyed olive skinned beauty, Beautiful little titties about 32b? and a pretty face that anyone would love she seems to have a constant smile which is really cute.

### The Story:

WOW entered that place and was introduced to 4 very pretty girls straight away, I always like the girls to come to me rather than me go to them, I chose Alesha she entered the room wearing sexy fishnet hold ups a basque and black bra and panties she removed the basque and stood next to me while we had a fondle its ?5 extra for kissing, I declined but we had a little kiss anyway then I got on the bed and she lay beside me on with my little rubber friend and she sucked away lots of eye contact for about 5 mins then she got on top meanwhile I was playing with her pretty little tits she doesn't like fingers in her but allows you to play around the area of her pussy then we did doggy and that was me done plenty of eye contact and that lovely little smile a pure babe.

I think I'll see her again but pay the extra ?15 for kissing, owo and reverse O its ?15 on top of that for A Hmm well I might just have the whole shebang next time
