The Story:

when she entered the room i thought here we go, this should be good.sadly soon after, i was disappointed by no DFK. just a bit of puckering up. i thought it musthave been a slow day so i'll loosen here up by some r/o. this went well as i like licking sweet little pussy. made her come apparently. then she checked her watch. sorry i hate clock watchers especially with the bed side clock there. then she started the owo which was ok but then another glance of the watch did it for me. sorry darling, you're cute but much to learn
