The Premises:

Her flat was very clean and modern. Outside a bit grotty, but that is the area anyway, you guys that know Edmonton will know what I mean.

The Lady:

A tall - anyway taller than me (about 5ft 8in) with an unusual face. Angular features that could almost be masculine with an overall average look. Please don't misunderstand, she is not ugly, but she is not a stunner in the way that guys would stop to look at her. She has a good body shape, curvy size ten, nice bum and legs and medium to large breasts (I am no good at bra sizes). She has a few small tattoos, including oriental signs on her back which she told me refer to the three most important people in her life, so I respected her privacy and did not inquire further.

The Story:

I asked Lorena to wear a small g-string and short skirt.

I like this, but I also do it as a test to see if the girl is willing to comply with my requests. Communications via smart phone were very good and I arrived early. I had booked for 4pm but arrived about 3:50pm. I phoned and asked her if it was OK to start a bit early as I had found her front door, she said it was convenient to start, so I rang her front door bell and she let me in.

When she let me in there was an uncomfortable moment where she seemed to be a bit hesitant and shy. I stood in the main room of the flat and asked her 'where do you want me to go?' her reply 'into the bedroom?' made me feel a bit stupid (not her fault, just me) 'where is your bedroom ??' I asked and she directed me.

She was wearing a micro mini skirt with a black bra and matching black g-string as requested. She removed her skirt while I undressed but kept the g-string on. I would have preferred to have removed the skirt myself, but I had a good feeling about this punt so I didn't mind. I asked her where she came from (I was guessing Romania) and she said Romania ? at least she was honest, not trying to be Spanish or Italian.

We started kissing standing up and caressing all over. While I don't normally like girls that are taller than me she made me feel welcome and let me touch her everywhere. We did everything that you

could imagine, OWO and RO where she seemed aroused but did not come, lots of kissing and cuddling, covered sex and then finally CIM where she discretely used a wipe to clean her mouth.

I think Lorena is a great punt if you are looking for VFM (I overstayed by five minutes and she is not a clock watcher - I was because I needed to be somewhere, otherwise I could of carried on for a bit longer)

Lorena is a good punt if you are in the area. Other girls also operate from this address but it seems that it is a new set up so I will maybe make other reports in the near future.
