### The Premises:

Truly Scrumptious is located in a top-floor luxury duplex apartment overlooking the sea, in a quietish street with more easy parking locally. Entry is via a mobile phone-call to release an electric locked gate and door. Many stairs to penthouse with a clean, comfortable well-furnished lounge and soft drinks provided by a friendly maid. Choice of two smart ensuite double bedrooms with a either a Jacuzzi or a double shower.

### The Lady:

Lorraine is a gorgeous, long-haired red-brown brunette, about 5' 11" tall in heels with a 36D/24/26 figure plus legs that really do go on forever. Probably in her late twenties, she has a lovely smile, a beautiful face and dark ?come to bed? eyes. Lorraine has a very friendly manner ? very easy to talk to and ready to understand my needs.

### The Story:

Lorraine welcomed me with smiles, kissing and cuddles. Once we had agreed on the Jacuzzi, there were problems getting it started, but soon sorted by the maid. Lorraine was wearing a delightful open-backed black basque (with stockings and suspenders) - a real turn on and very exciting to undo, hook by hook, revealing her full breasts with large pert nipples which were begging for attention and caused some delay before we moved on to the Jacuzzi: Lots of slipping and sliding with full body contact, OWO and DFK. Once dry, Lorraine began a slow, relaxing back massage, but I soon wanted to turn over and enjoy her full breasts and more DFK. I already knew that she had a soft wet pussy, so down I went and sucked and licked her clit and labia while Lorraine came again and again, with creamy juices flowing. Then it was my turn for more OWO accompanied by a tantalising prostate massage and a finish with my usual doggy reflected in the large hanging mirror. After a clean up and some friendly chat, I was invited back to the lounge for tea and more conversation, before departing with more kisses and cuddles. A very special unhurried GFE. Living in London, I had admired the TS website from afar, so when a reason to visit Ramsgate arose, I just had to visit TS and I was not disappointed.
