The Story:

first time in the place felt very comfortable kim was busy receptionist very polite kept me talking made me feel welcome, kim come out looked dirty if i am honest but i thought fuck it am here now might as well stay. Got offered a shower and was told to knock on the door when i was ready i waited another 20 mins in the room before she came in, soon as she opened her mouth i could see she was pissed didnt really do anything only talk about her life, i wasnt in the mood then she stank of booze and to be honest could not get an erection she put me off that much in the end i never came i just wanted get out of there i was so dissapointed after i had read reports on her and was looking forward to seeing her. I would not be going back there again.
