The Story:

Please beware. This is a scam!

Website shows a very attractive woman claiming to be the UK's number 1 escort. Some great pictures and video's, updated frequently. Everything seemed to go ok regarding the booking and contact via email was quick and easy. She required 50% payable before the booking, made at a Barclay's Bank or via Amazon... Red Flag there but everything seemed fine until the day of the booking.

Address was a fake unless she lives inside Harrods

Phone number works for text's but does not connect when you call.

Please avoid and beware. Also, I'm worried that there is some identity theft involved here.

She is listed on numerous sites that direct you to her page www.bedbex.com, often with different numbers that also do not work. Two email addresses: bedbex@hotmail.com and pixiebexy@hotmail.com

Please do not be fooled, there were no field reports previously, hopefully others will not suffer the same fate.
