### The Premises:

A great duplex apartment with 3 party bedrooms, showers. All very clean. Valubales are safely locked away. Food and drink provided and great host.

### The Lady:

Apparently are usually 7 girls in attendance and I as rather glitzed out to check exactly how many as this was my first visit to such a party and was very nervous as a newbie. Needn't have been Couldn't have been made more welcome by the beautiful ladies who were model like.

### The Story:

I'm not sure what the exact guests to hostesses ratio was but I was never stuck with nothing to do (or should I say somebody to do). If you want to recover just watch others! Frankly, that is part of it for me. You can get as much action as you you can stand nd if it gets quiet at some point with more than one lady. The challenge for me was how I was going to feel about having sex in front of other men and watch other men having sex. Well....I enjoyed it and I recommend that every one (male or female) should try an experience like this at least once in their life. This is has fulfilled part of my quest, to try just about evrything whilst I am still young enough to do so!
