The Premises:

High class flat, as you would expect in South Kensington. Easy to access on busy street from either Gloucester Road or South Kensington tube stations. Room was like in a 5 star hotel, with an ensuite bathroom with shower.

The Lady:

Long black hair, Polish but fluent English, same as the pictures, so no surprises -- thus, a very, very lovely lady.

The Story:

As the other field reports have said, Izabel is a wonderful kisser and loves sex.

She came into the room in almost nothing and immediately gave me a big kiss, just as your last girlfriend (if you're lucky) did. She then told me to undress as she had plans for me. I told her I was in no rush (the advantage of a 45 minute session) and wanted to enjoy watching her undress and to run my hands all over her body. Nevertheless, I did get quickly out of my clothes and in an instant was hard. No surprises yet!

I told her that I wanted her to be in charge, so she gave a wonderfully sloppy wet BBBJ (OWO). I could easily have come then, but knowing I had only one shot in me on that day, told her that I wanted her to slow down and select a position. She started to go to the top, but then I changed my mind and said I preferred from behind. She told me that was her favourite, too. After a bit, I felt again as if I would blow, but she clearly wanted me to continue as she was building up to her own orgasm because while I was pumping her from behind, she was stimulating herself from underneath. I asked her in which position she preferred for her to finish, and she told me to go to mish.

In that position, she spread her legs VERY wide and I just slowly went in and out while she vigorously masturbated, totally in her own world (except she kept on pulling me back in every time I started to withdraw in my strokes; I was really having a difficult time not to cum!). She was in her own world of masturbation, which was an incredible turn-on. But as we had spoken of a CIM finish, I wanted to have that.

After she came, she immediately took me in her mouth after I lay on my back. It was a sloppy BJ

with handjob, expertly done. She knows how to control a man! As I came, she tried to keep it all in (we'd agreed to snowball), but it was too much (she asked if I hadn't cum in a month, but actually it had been just two days earlier). But she was able to keep some of it in her mouth to share. As we still had about 10 minutes, we just lay there as I recovered (she went out to clean up quickly for just 2 minutes first). She's not only beautiful, but can hold a great conversation, too. I'll be back! You should, too.
