The Premises:

As described previously.....there are still just two pokey windowless rooms.

The Lady:

Amber was a young looking girl about 21 ish size 14 she seemed ok.

The Story:

When I arrived the room opens up to where the girls were sat and I had a brief look before I was taken to a room.

I was then asked how long I wanted. I said 15mins and she asked for the money straight away. I thought that was a bit unusual because I hadn't really had a proper look at the girls yet but I handed it over anyway.

Each of the girls visited and she came back up and asked which one I wanted and I went for Amber. She said ok and by the way you don't get sex you just oral for ?25. So I said that not what I was after.

She said sex would be an extra ?5 which I didn't have. So I thought I'll have a refund and just leave. She said well I can't give you a refund now because I wrote it down. Can't you cross it out? no it doesn't work like that I'm afraid.

She argued that when I asked how much it was for 15mins I didn't ask what I would get for that therefore an error on my part.

By this point I just wanted to get out of there. It was maybe a misunderstanding but no refund because she had written it down was a bit harsh.

She said I'll give you a credit note so you can pay the extra next time you come.

I said I won't be coming back and left.

Overall there are better places in stoke than this one.
