The Premises:

I have visited Pandora at her home many times, which is discreet and very well appointed, (like the lady herself!). This time at my central London hotel.

The Lady:

Very attractive, busty blond lady with curves in all the right places. A body made for sinning. Her pictures are very accurate but fail to show her pretty face as this is hidden for discretion. Piercing blue eyes.

The Story:

Having been recommended by one of the forum members last year I made Pandora's acquaintance late last year. Needless to say I found her fantastic company, a delight to converse with and even better to have fun with.

As I visit England often business and stay over for several weeks at a time I have taken her out for several extended visits as she is very well read and easy to be with.

This visit was a total treat for me. A dinner in town, a whole night of exploring her luxurious curves, (breasts are particularly lovely). then on to the cricket at Lords on Friday. Pandora is a major England fan and it is so good to be able to enjoy a day out with an informed companion, and getting to play with her during the day and afterwards.

At no time did she ever stop being anything other than a total delight, despite having to cope with an old git like me for more than a day and a half. Wonderful company, and recommended.
