The Premises:

Modern flat on the outskirts of Kingston. A couple of pay parking spaces behind otherwise use the parking spaces in the council estate.

Safe during day. Flat was clean enough, typical rental property. Norbiton station much nearer than Kingston.

The Lady:

Bobo, as her name sounded to me is from Hong Kong. Typical Chinese woman about 5' tall, long hair which she had tied back, 32/34C I'd guess, not fat. Age probably late twenties, could be older but young enough for me!

The Story:

Agreed usual service here, ?60 for OWO and sex. As soon as she removed her undies I had to give her large nipples some oral attention. She liked this but said massage so I lay down and it was okay. But had to get back to her breasts then went down on her for about ten minutes until she came. Her turn on me then on with the condom and her into cowgirl, squatting over me, finishing in mish. She came again and was knackered, said the maid could work the rest of the day! Her English is not that good. When I return I think I'll ask the maid to stay in the room and translate. As I was leaving another punter was coming in so had to wait in the living room.
