The Premises:

Part of the new flats complex where the brewery used to be. Look nice from the outside, and very clean and tidy inside.

The Lady:

Damn, what can i say here. She is a stunning young lady, with the most perfect body i have ever seen. Exceptionally sexy, great tits, ass to die for and flawless skin.

The Story:

Lady will text post code, and give full address when you get close. She buzzed me in and led me into the bedroom. I was suprised at how attractive she is. We exchanged payment and she told me to undress as she left the room. She came back and started to dance for me (there is a pole in her bedroom). She looked amazing. She slipped on the rubber and started to give me oral. Then started to make some funny noises which were a little off putting. She then asked if i was ready for sex, and she got on top. It was a fantastic sight. However, im not sure wether it was the heat in the room or just the fact that what she was doing was slightly robotic if you know what i mean, but i lost my erection. Carla did try to get it back with oral, and sat and played with herself while i watched. No joy, so she finished me off with a hand job. I would deffo recommend as she is an amazing looking girl and well worth a fuck. I wouldnt return as i have experienced much better sex and a few times she told me i only had 5 mins left and did i want to pay for extra time. Hope this helps.
