### The Premises:

As well documented in previous reports on this establishment this is a parlour located in a reasonably discreet industrial unit

### The Lady:

5'8", oriental, nice body. Told she was 23 but she looks older. Friendly, but poor English (or pretended this?). Says she has worked for this establishment for about one week - could not get clear information about whether she was new to massage and escorting.

### The Story:

It's a long time since I visited this establishment and my fond memories have been shattered. Previously I was able to use the jacuzzi, sauna, have a decent massage and attentive and expert sexual activity, all without any clock watching.

This time, as for the sexual side of things I opted for HR only, but was not offered the jacuzzi or sauna, just straight on with the massage. This was reasonably pleasant but perfunctory and after just a few minutes "Julie" prompted me to turn over and went straight for my cock. I had already told her that what I wanted was a s-l-o-w and teasing wank, but she just went for it. I kept asking her to slow down but this was ignored and the inevitable occurred after just a few minutes - ejaculation without much in the way of orgasm. I don't know if this was due to (apparent) poor English, or whether this was just put on in order to get me out of the door. Being British and reluctant to cause a scene or offence I just grinned and appeared happy and grateful.

Overall, a big disappointment after several weeks of delicious anticipation. This girl is in the wrong job.
