The Story:

So here?s a first. I am actually typing a review while an escort sits in my bedroom talking to her sister whilst she is waiting for her driver to come and pick her up on the hour. After she was ready to leave over 20 mins early??

On the plus side, very friendly, chatted a bit, went into bedroom. Cuddled, bit of kissing. Gave her a massage then reverse oral which she seemed to enjoy. Covered BJ was OK, then sex in mish. She was wet and tight, all good, and did not last long. If at the point she had cuddled up until the end of the hour I would be writing great girl. But instead, she had a shower, got dressed, then whilst she was next to me in bed, back to me, chatted to her sister for 10 mins whilst she was killing side waiting for her driver.

Came into my lounge where she made one more call before leaving after 50 mins.

In an industry where girls are paid for their time, I think that is very poor. In fact, rude. Upto that point I was actually quite liking her! Maybe I am unreasonable, but I don?t think it should be too much to ask for girls to cuddle up in bed and talk until it is time for them to get ready to go.

So would I recommend her? Possibly, but be warned of the good and the bad!
