The Premises:

A very clean and discreet apartment. Very safe and excellent choice of parking very nearby. All very anonymous, which is how I like it.

The Lady:

Mistress Arani is a professional Dominatrix just as described on her website. She is an elegant English rose with a great figure that I now worship. I would not be so rude to guess at her age but given what I was seeking this does not matter so much to me. What I can say is she is not too young, nor too old, but just right for the experiences that I wanted.

The Story:

I had been recommended to Mistress by a friend who I had confided in about my desire to experience alternative pleasures. I have now found what I was looking for and today was my third visit to see her so I am not just reporting initial euphoria. When I first contacted her she took great trouble to listen to my needs and to set my expectations. On the phone she was very sympathetic, pleasant and exuded a calm self assurance. When I visited she then made sure that I was happy with how things would proceed and then changed into her professional role to ?deal with me?. I do not wish to go into the full details of how my desires were fulfilled but suffice to say I have experienced highs that I did not dream were possible and for the duration of my visit I was truly liberated. Wonderful!
