The Story:

I had a shower, then I went and found Ellie in the bedroom. A quick snog, then she took off my towel and sucked cock like a magician in front of the mirror.

Onto the bed, where I licked her pussy and tried to make her come. I failed but she came close when she asked me to play with her arse and I obliged. Very horny request that one!... She then suggested that she wanted to suck my cock whilst I continued slurping - her getting very wet made me come in her mouth whilst she straddled me and she discreetly spat into a towel. Top stuff. I was ready for a second round when we ran out of time - but Ellie promised to make me come twice next time. I'll be back!
