### The Premises:

I hadn't been to Head Office before, but lots of other people have been. It's nice, if you care about interior design and that.

### The Lady:

Short-ish girl, the top of her head was level with my chin. I would have said early 20s (Head Office's website says she's 27 - I would have guessed younger). Pretty face, longish black hair and brown eyes, nice body. No tattoos I saw, but she had a clit piercing. She said it was her first day working there... and it was early enough in the morning, I might have been her first client too (Chloe was supposed to be there but her train was late getting in or something, plus she was booked up for ages).

### The Story:

Head Office's standard half hour charge is ?50, which is ?5 or ?10 more than most places around here ask for, plus they want extra for things like kissing and reverse oral you can get for free elsewhere (if you ask charmingly). That could be annoying.

She might have been new to this establishment, but she knew what she was doing, and she was pretty tight and strong downstairs, so I didn't last as long as I usually would have. Went from back massage to front massage covered oral to mish to cowgirl, and that was that, really. We talked about the weather for a bit while we got dressed, and that was that.

She is hot though.
