### The Premises:

House in Hersham, safe residential area, not far from station with parking.

### The Lady:

Not as described on website. She's about 5' tall possibly a little less, has a "tummy" and I'd say possibly in her forties.

### The Story:

Usual service of massage, OW and sex for ?60. Declined to pay extra ?20 for OWO. So, we undressed and I wanted to give her large nipples some oral attention but she said no - too sensitive. Started with the massage, did I want hard or soft so said medium. This was okay and we were chatting away as best we could as her English was not great. Turned over and had her massage my cock and balls with the baby oil, slow and sensual which felt good. Asked to give her oral but no, said her pussy was ill, it itched or something, couldn't really understand the exact problem. Condom on and oral was slow and deep, was fine, then sex in mish, she felt tight. More massage and we chatted. No oral attention to her was a disappointment as I always enjoy this. She is a pleasant woman, chatty and seems keen to please apart from the previously mentioned prohibitions. I am not going to not recommend her as, I said, she seems a nice person.
