The Lady:

This lady was not the lady in the pictures but Victoria from aspire models. please see my previous field report

The Story:

I had phoned this agency the day before to be assured that the pictures were real. On the day of the booking i asked again and was told this was the case and that the lady would come in the red dress as requested.

Instead victoria who works from aspire models turned up. I had give a very positive report of this lady before. However victoria has lost weight and hair is mousy and unkempt now that i did not fully realise it was her until late in the meeting.

Previously i had a great time with Victoria this time not. No real frenck kissing and no real deep BJ

The sting in the tail if i had got vicoria i would have paid ?50 less.

I phoned the agency to tell them this was and was told it was the girl in the photo not a lady from aspire models
