The Premises:

Top floor flat in a house in a discreet street. Inside the room is fairly small but has a huge paraphernalia of dildos, strap ons, canes, paddles, cross, cuffs and I almost forgot a bed. Almost a perverts museum!

The Lady:

Petite, pretty blonde in her late 20s as per her pictures.

The Story:

I was paying a rare visit to London and had a shortlist. Unfortunately my first choice punt didn't work out due to a meeting running way beyond its scheduled time.

Was also feeling a bit tired and very dehydrated but thought it'd be a shame to waste this opportunity. Very rarely have I visited a BDSM establishment but thought I'd give it a go.

Summer is a lovely girl and very disarming. We decided on a scholgirl scenario. She played the role perfectly and gave her a spanking for showing her lithe little body in public and made her play with my cock as part of her discovery. She really does take a good spanking.

A bit of nuzzling and then she gave me a CBJ (unfortunately no OWO). Unfortunately I came very quickly and I was unable to have my wicked way with her.

Don't think its really my scene but willing to give it another go and maybe next time use some of the equipment and really go to town. I would happily visit Summer again and doubt if there are many practitioners of submission who could match her in this specialised field.
