### The Premises:

Semi detached private house in a quiet area 10 mins from M1 J35. Safe and clean.

### The Lady:

About 5'4" slim, about size 10, dark brown hair. Lexi is quietly spoken, friendly and not in your face. I'm fairly timid when faced with a new escort and she was easy to get on with and reassuring.

### The Story:

Started off with small talk while undressing, and then I lay down on the rather large bed. She didn't tell me what to do, I just thought I should proceed by laying down as it was supposed to be a quickie. She started off by giving me oral which she did very steadily and purposefully. I was a little bit nervous, but she is skilled and after about a minute it started to kick in and my erection grew rapidly after that. I was tempted to let her complete without stopping because it was becoming very intense, but I don't think she is a swallower, so I let her know I was ready for the next stage. She got me ready, rolled on to her back and pulled her legs up to let me go in deep and I slipped in easily. Really good sex, sensational feeling and I came in about a minute. Afterwards we chatted for a couple of mins and she told me she is concentrating on regulars and about 80% of her bookings are return visits and increasing. I can see why, because she was very comfortable to be with, expert at sex, and all in all a great experience and not expensive either. Must be one of the best in the area.
