The Premises:

Newish, small set of flats in a slightly rough area. Safe enough. Inside was a small flat. Clean.

The Lady:

Japanese lady - about 30, slim, 5' 8". Extended nipples. Tatoo on her lower back.

The Story:

We both undressed. I was given a long back massage, which was not a massage at all; more a time wasting exercise. Nothing erotic. Rolled over and a condom went on straight away (I was expecting OWO, but did not happen). When I tried to feel her breasts, she pushed my hand away. Then suddenly she went for cowgirl - no reason or anything sexy first. Then it was just boring: she seemed to be in a mechanical routine. Then rolled over and tried doggie, but no feedback or interest from her. Resorted to a handjob as the rest was too boring.
