The Premises:

I think IP are in the process of moving, this wasn't the usual place. It was a nice hotel room in the area, which is more than adequate for the business, and I think every girl has her own room on the days she's working.

The Lady:

Exactly as seen on the pictures. Caramel complexion, slightly above average height, long black hair with a fringe, pretty face, smallish but pert boobs (b/c cup), very very nice hips n arse, which she's surprisingly shy about...

The Story:

After getting lost for few minutes, finally saw her. She had a long purple dress n given da weather it was appropriate n didn't draw attention.

Was led into the room n dealt with paperwork. Went to use the john, came back n, lo and behold, there she was starkers n ready to go!! Got undressed n she got me hard, covered n was off. BJ was good n she proceeded to ride. Nice n tight. Would have liked to lick her out, but not her thing.

Switched to mish n was hoping for some doggy but, again not her thing. So, we got on top again n finished me off.

Nice looking girl n u can have a good conversation with. Shame I only had 30mins. Another gem from IP I reckon.
