The Story:

Honey came into the room with a beautiful smile on her face and gave me a quick kiss and my orange juice we quickly sorted the monetary side of things and got undressed whilst discussing tattoos . Then onto the bed for a memorable blowjob and handjob followed by a chance to play with her lovely tits and nipples . Then had to do the gentlemanly thing and return the favour and go down on her lovely pussy and give it the attention of my tongue within a short time she was begging for my fingers as well so in they went to a huge climax for her . She then told me she had to have my cock inside her so it was on with the rubber and into doggy and then spooning position to finish . Would i return ? Without a shadow of a doubt Honey is one of those girls you could spend a fortune on and never look anywhere else . She has charm ,style ,charisma and personality in bucketloads and i cant wait to see her for a hour next time . From the man with the golden tongue !
