### The Premises:

A flat in a low rise bloce. Close to the tube and felt very safe. Parking may not be easy though there were parking meters around.

### The Lady:

She is gogeous long blonde hair, Her tanned body has a firm flat stomach, pert breasts and legs that end in a pussy and bum to just eat. Bodies like this take work and Alex must put in the work.

### The Story:

She opened the door with a smile, I was hot made hotter by her visage. I took a shower and was greeted in the bedroom by a cheerful woman who stroked and sucked and fucked me for a good hour. She is clever and funny so the time passed too quickly. She is safe and condoms were sucked stroked and I came twice once inside her tight fanny and the second time in her beautiful mouth. I could just lie and watch her dance around the room collecting a drink. She was proactive and after suggesting doggie, lay on her back and invited to lick her delicious pussy. I love this and watching her breasts heaving and feeling her bum make for fun fun. I will return for certain.
