### The Premises:

This was the second time I have visited an escort through AgencyBella and the in-call apartment was at the same location as my previous report, just off Broad Street.

The apartment itself was to the same high standard as my initial visit a few months back.

### The Lady:

Brooke is one seriously sexy young lady. Brooke is in her early 20's and around 5'6" tall (I asked!) with dark hair. She has a slender size 8 figure with natural 34c boobs, a few tattoos and a naval piercing.

Away from the physical I found my time with Brooke a real pleasure, she is friendly and was able to ease my nerves very well.

### The Story:

I know me being a virgin must be dragging on longer than the U.S. television series Lost, with that being with no end in sight no one actually cares about the outcome, but still not feeling ready to take 'that step' I made what was for me quite a spontaneous decision I'd like to arrange to see another escort just for massage and relief. This option just seems to take a whole feeling of pressure off me I'm comfortable with right now.

So at relatively short notice I decided to contact Madison at AgencyBella to see if she could help having been so impressed with my previous experience with the agency. In all honesty I think Madison went above and beyond what I could have realistically expected to help arrange a suitable 30 minute appointment, with Brooke a strong recommendation and available the following morning. I have to rate the customer service from the agency as first class but should mention not every lady with them does offer 30 minute appointments, so it is wise to check before making any firm arrangements.

Knowing the location and the specific logistics of the apartment I found really was a help in easing any nerves I had. I can be quite a nervous person to new situations and I must admit I can get quite anxious, to what degree this is normal nerves I'm not sure. I am often genuinely concerned that I

don't commit any faux pas' and it can leave me a bit of a nervous wreck, I do wonder if many other guys get like this?

To date any concerns I felt have been without foundation and I certainly hope I've not offended anyone along the way. I can say I've found each of the ladies I have visited to be terrific and certainly Brooke was no exception to this. Brooke is the youngest lady I have visited, but clearly wise beyond her years. So it was a real delight to see Brooke in a figure hugging little black dress on my arrival looking fantastic with her hair up and an even greater pleasure to find out she was so very friendly and welcoming.

Having accepted the offer of a drink we immediately retired to the bedroom and soon I was kissing Brooke and moving past that difficult removal of clothes phase. Brooke really does have a fabulous slender figure with a tight bum and great natural boobs with very sensitive nipples which I was keen to explore and I was instantly very aroused.

Brooke was soon to offer a massage and I must say having had a strenuous weekend of activity I was keen to accept. I have to say Brooke gave a marvellous massage, easily the best I have encountered. Having Brooke sat astride me giving a firm massage to my legs was what I really needed to revive my aching muscles and the benefits of that stayed with me a long time after my encounter with Brooke was over. Engaging Brooke in conversation I found out she was originally from the south west and has only been with Bella a few months, although she has worked in escorting before.

After flipping over Brooke was soon playing with my balls and stroking my cock and it was really pleasurable having her do this while gently exploring her alluring body and kissing her. Often when asked how I like x, y or z service I'm at a bit of a loss due to not wanting to appear rude and honestly being so inexperienced I'm not really sure. But I felt confident enough to ask if Brooke would lie down and I really enjoyed kissing her and fondling her boobs with her nipples very sensitive and responsive as I did so. With permission I moved a little further south and Brooke had a great shaved pussy I enjoyed stroking and kissing, to which Brooke appeared to respond to my shock, although I couldn't summon the courage to ask to insert a finger. Certainly this step of being a little more vocal is something I could never have imagined being on my first visit to an escort and I guess it does show I am growing in confidence a little.

As time ticked on I must say I felt I was on a short fuse as I stood off the bed with Brooke remaining on it in-front of me. By now I was fairly anxious for Brooke to relieve me over her boobs. So with the addition of a little more lube I was pleasingly sloppy and wet as Brooke set about wanking me off.

Being so inexperienced I am really enjoying learning about different aspects to sex and the fact something as simple as hand relief can have so many variations and provide so many pleasurable feelings. Brooke was keen to ensure I was comfortable and ask how I was feeling and was attentive to how I liked being brought to a climax and this did give me some further confidence to speak up and be involved. It was wonderful to have Brooke start with delicate dainty strokes and with encouragement build up to a hard and fast rhythm.

I guess I had always thought I was very responsive to touch, but what my experience with Brooke showed is maybe that isn't the case. Far from worrying about ejaculating prematurely Brooke did joke (or maybe not) her wrist was starting to ache as she continued apace. I did think if everyone was as awkward as me Brooke would have a wrist as strong as Geoff Capes, but soon enough with more than a few powerful spurts I had splattered Brooke's chest making quite a mess to clean up and I felt very satisfied indeed!

A nice chat as we both dressed and I was soon on my way from what was a really pleasurable 30 minutes, with a really nice and sexy young lady organised without any hassle by a good agency in a really nice environment. I cannot speak highly enough of both AgencyBella and Brooke and I say a genuine thank you to both and thoroughly recommend both the agency and Brooke. If welcome I

would love to encounter both again in the future.

Now the question for me is can I take the next step to penetration? I guess this is sort of a season finale until my next report, so we shall see.
