Well known flat in South Kensington, very safe and clean.

### The Lady:

Very attractive young English lady with superstar breasts

### The Story:

I imagine everyone says this but words really can't describe just how fabulous Sarah's breasts truly are. They are very large and natural but perfectly proportioned to her lovely curvy body. We started with some very good oral, I had to slow her down because I was so turned on by her breasts I risked ending too soon. We stopped and I played with her breasts and sucked them for few minutes. We had sex in various positions, finishing in doggie in front of the mirror. She then gave me a professional quality massage while we chatted for the remainder of our time. She's great to talk to, I get the impression she would be fun lady to spend time with. It turned out we had a very similar day job. I only get to London twice a year but Wednesdays in London are Sarah days from now on.
