The Lady:

Kylie is in her early 20s. Blond with long curly hair. She's certainly not a stick thin waif; rather has the figure of a proper, fully grown woman. Her most obvious physical feature is her generous bust size but perhaps my most enduring impression will be of her delicately pretty face and irresistible smile.

The Story:

Finally meeting Kylie required a considerable amount of perseverance on both our parts and I was nervous that the anticipation might spoil the occasion. I needn't have worried. Kylie put me at my ease immediately and soon led me into the bedroom.

Whilst I won't describe in detail the events of the afternoon I will say that Kylie possesses the rarest of qualities in a woman which is an ability to make you think that you are the center of her attention for the entire time that you are together. Certainly, she was proficient in the skills that one would expect of a professional working girl but it was ability to make one willingly suspend one's disbelief so easily and completely that I think marks Kylie out as a special person.

Readers will no doubt note that it has been several years since I last submitted a field report and perhaps be suspicious. I can honestly say, though, that visiting Kylie was such a pleasant experience that I had no choice but to put pen to paper once more.
