The Story:

Nicole has been on my hotlist for a while and I eventually have managed to organise a work meeting local to her so as to enable a visit.

She greeted me at the door dressed sexily,, and I knew I was in for a good session.

After getting the cash out of the way we both stripped and she gave me a short back massage whilst talking generally to get to know each other a little better. Rolling over to "massage" my front Nicole immediately honed in on my cock which by now was standing to attention anyway. She proceeded to wank me gently before lowering her head and taking my cock into her mouth, gentle shallow movements at first before taking my whole length. She is an expert and was teasing me to the brink of cumming before backing off and varying the depth / pressure of her lips and tongue. Then my turn to play with her very tight shaven pussy with both fingers and tongue be for she gave me more oral and then put on the protection before climbing aboard cowgirl. she rode me hard, again varying depth, speed and angle during a great ride. I like to see the fruits of my labour, so Nicole hopped off and proceeded with more oral before finishing me by hand that resulted in me cumming heavily in thick spurts, to which she commented on the large amount.

Will I be back ... you bet, and to try some of her other "charms" during a longer booking.
