The Premises:

A very friendly parlour I have visited many times. Safe, secure (CCTV) parking off road, slightly confusing upstairs entrance. Clean and well appointed parlour with a very friendly atmosphere. Nothing is too much trouble. A very good-looking set of girls who should probably be better reported.

The Lady:

Just look at the pictures - stunning, tall, dark-haired beauty with a perfectly proportioned body, flawless skin (no decorations of any kind), and a lovely smile. Gentle, friendly and down-to-earth. When I last reported her, two years ago when in Manchester, she was blonde, and we've been through various hair colours until she's settled on very dark with a slight reddish tint. I must have seen her close to 200 times over 4 years and, if anything, she's grown more beautiful.

The Story:

The mechanics between us are generally the same and she offers pretty much everything stated in her portfolio. This time massage and RO for her followed by OWO for me, sex in cowgirl into spoons and a shattering OWOTC to finish. All of it done brilliantly and with real enthusiasm from her. But hidden between all this of course are pauses in the action for the little mutual things that build up over a very long acquaintance. Perhaps one secret is allowed - she loves being touched. Clearly you're dealing with a serious addict here; go see her and you'll maybe understand why.
