The Story:

Pixie entered the room with a big smile on her face and her usual enthusiasm and greeted me with some very sensuous kisses. We stripped off and before Pixie put on the red suspender belt and black stockings I had for her to wear, standing up she backed into me so I could fondle her lovely boobs while she gyrated her pert bottom up and down my rock hard cock, a great start to the punt. Pixie then challenged me to see if I could make her come 5 or 6 times during the punt, a challenge which I readily accepted!

So off we went, first onto the bed where Pixie proceeded to lay on top of me for some DFK before she moved slowly down my body, gently nibbling at my nipples as she moved downwards to give my cock and balls some very good oral attention, no hands just with her mouth she took me slowly full depth into her mouth before increasing in speed, I had to slow her down, stop and change position as I would have come very quickly. Given the challenge I beckoned Pixie to sit over my mouth and I proceeded to give her clean shaven pussy the attention deserved while fondling her nipples with my hands, after about 10 minutes or so we changed position with Pixie on her back and me kneeling on the floor, I place a cushion under her bottom and with her stocking clad legs either on or over my shoulders, and now really turned on I used my hands to gently open her wide and I licked and sucked her pussy continuously. The more responsive and wet Pixie became the more rampant I became, after each shuddering orgasm she had she sat up and DFK me with a real passion, which encouraged me to carry on with even more gusto! We finally stopped for a break ? all of 1 minute! And continued with pixie sat astride me rubbing her pussy lips along my cock , a fabulous sight this made especially with Pixie in the red suspender belt and black stockings. After more DFK and boob/nipple sucking we moved into a 69 position for long mutual oral session. My hands tucked under her suspenders, my tongue engaged in her pussy and on her clit and with Pixie sucking me deeply while gently fondle my balls ? ecstasy, pure ecstasy all the way! We stopped for

a breather and as Pixie moved off me, the sight of her wet open pussy was too much and I had my tongue back in and back into a 69 we went. Finally Pixie exploded into my mouth for the 6th time and having met her challenge we both collapsed side by side on the bed for a well deserved breather.

After this short breather, Pixie lay knelt between my legs, took me into her mouth and with hands, tongue, mouth and plenty of wicked eye contact proceeded to show her amazing oral skills. A change of position, with Pixie on her back and me straddling her chest and with my hand gripping the top rail of the headboard frame, Pixie continued to drive me wild as she licked, sucked and spat on my cock eventually bringing me to the point of no return and as she slid her closed mouth back and forwards along my shaft I shot over two week's worth of cum explosively into her mouth. Pixie continued thrusting with her closed mouth and the feeling was so intense I was gripping the headboard with white knuckle force! I eventually pulled out slowly and as Pixie knelt up we embraced together for a snowballing finish. With our swirling tongues DFK she passed a mouthful of cum into mine, and we continued to DFK until we had swallowed it all ? wonderful, very dirty and ended up a very raunchy and rampant full-on oral sex punt!

Before I left we took a quick shower and chatted about Pixie's upcoming two month holiday back home.

Pixie is one hell of a very sexy and fun loving girl and there is nothing I can add to describe Pixie that hasn't been said before. I will be looking out for October's rota for her return!
