The Story:

Really impressed by Vicki. Sexy, enthusiastic, compliant, sensational kisser, moments of tenderness, a few compliments, responsive, good fun to be with.

Vicki is Spanish but has spent some time living in Brazil. Her english is good though not perfect. She has a hot body and is seriously good in bed. I say this as someone who is typically somewhat underwhelmed by the sexual skills of the professionals I've seen.

Our session involved plenty of fingering Vicki's G-spot while she used my high powered massager on her clit. Sucking of her nipples, lots of sucking of my cherry flavoured cock (owo), taking it deep in her mouth, licking my perineum, short spell of 69, some brief spanking, gentle face-fucking, tasting her pussy juices, masturbating my lubed cock, brief rimming her ass, continuous rhythmic breathing combined with pussy muscle squeezing, at least 3 spectacular climaxes. And several long spells of sensational french kissing; Vicki kissed me as if she was on heat.

I got the impression that Vicki would be equally good seducing clients who want their companion to take charge, as she is with clients who prefer to lead the way. I think she just loves sex.

If only most professional sex workers were this good!
