The Premises:

Described many times. Small flat above shops accessed by iron staircase. Good parking and safe. Went to area on spec having read a number of reports. Called Amanda around noon and was told she could see me at 12.45 and to make my way to the Golden Diamond pub. Was really hacked off when I ran her at 12.45 and her phone went to answerphone. Left a couple messages. How many times has this happened to you? Decided to text her and she sent a nice text saying she was running late but told me she would be ready in 5 minutes. Text her back and she text me to say she was ready. Rang for directions.

The Lady:

Amanda has long black hair and a slim body. Fake tan and smallish tits. Shaven pussy. Her complexion and gravelly voice confirms she smokes but flat didn't smell at all and neither did she. Despite other comments I would put her in her forties.

The Story:

Amanda said prices were ?40 to ?80. Having travelled so far opted for the latter. She snogged me in a real GFE before some excellent OWO on the bed and stood before the mirror. I said I was ready to fuck her so she rolled over on the bed and spread her legs. Clearly those things we can't talk about was on offer but I asked for a condom and fucked her doggy. I soon felt I was likely to come so took off the mack and let go in her mouth. She worked my cock until I was fully discharged before spitting it out into a tissue. Altogether a pretty good punt and I can see why people go back.
