The Premises:

It is a clean place, well appointed, safe, around the corner from the Finchley Road tube station. I have had many previous pleasant experiences with a variety of girls working from this flat.

The Lady:

Very attractive, tall brunette. She sometimes advertises herself as looking like Kate Middleton.

The Story:

I rang the number once I reached the tube station. I was told to call back in 10 minutes. I did so, at 6:01pm and since I already knew where the entrance was, I waited in front of the blue door. I called again and was kept waiting another minute or two before I was let in. When I got up the stairs I knocked on the door. Normally they are always very prompt about letting you in. However here I waited another 2 minutes or so. I was welcomed in, went to the room. 60 pounds changed hands and my desires for 69 and OWO were made known. All seemed good. She asked if I would take a shower since it was a hot day. I thought OK, why not, I took a quick shower couldn't have been more than 5-6 minutes and returned to the room. A brief chat, some caressing and then I asked for 69. She began, but within about 2 minutes, it was obvious that this was more of a HJ so I made it known again that I wanted a BJ. She began to do this for about 3 minutes and then fetched a condom. This wasn't part of the service I requested and I told her so. She continued for another brief spell and then her phone rang. She then announced that was the end of our session. I protested that it couldn't possibly be. She informed me that the shower was included in my time. We argued for a moment, and then she showed me her phone which had a time of 22 minutes past the hour.

I told her I had been a frequent guest of this establishment, and was never treated this way before. She said I could talk to the "manager" and she called someone. This woman called back on her phone and I described the problem. She said she would check her phone and call back. She sided with the girl Loretta / Kate / Viktoria (she goes by several names) and said that the girl never had had any customer complaints.

What obviously happened is that when I made the first call at 6:51 she must've rung her manager and said I started with a client. Then kept me waiting outside for 10 minutes, another 2 minutes in front of the door, and just ran out the clock on me.

A huge disappointment. Avoid.

I would give the flat another chance. Whoever runs the establishment seems to operate a handful of flats in Finchley Road, Baker Street, Kentish Town and Wfest Hampstead. A number of girls rotate through these flats on diferent days, and the price points are standardized at 50/60 for the half hour and 80 or 90/hour.

Again, my warning applies solely to the girl using the number 07776 037016 and advertising herself as Loretta. Kate Middleton or previously Victoria.
