The Story:

Lisa made me feel very comfortable with her manner and this helped relax me on my first visit to DL. I undressed and lay face down on the bed, she gave me a wonderful soft but firm massage and occasionally gave my balls a light squeeze. She then turned me over and proceeded to massage my front, whilst brushing her ample breasts across my face and lips - I licked and teased her responsive nipples and she gave out a little moan of pleasure. When she finished the massage she asked if I wanted "to play" and started to kiss me on the lips, neck and chest. She then produced a condom and slid it, with her mouth onto my erect cock, and started to give oral. After a few minutes she suggested we do 69 - her pussy tasted sweet and warm and was very wet!! She was moaning throughout and I think she enjoys RO - she then spun off my cock, laid back on the bed and asked me to fuck her hard! I duly obliged, she kept looking at me with those deep dark eyes and that had the desired effect on me - I jerked heavily as I pumped cum into the condom. We then lay on the bed and chatted and she said that next time we can introduce some A levels or toys, whatever I preferred. I thought that was a nice touch. She then cleaned me up, I got dressed, we settled up and Lisa shown me to the door. She gave me a kiss and wished me well on my travels. All in all a great time with Lisa and at DL and I will definately return soon.
