The Story:

Having read several glowing reports decided to spend ?100 seeing this lady. Her attitude is excellent and she is friendly although her English is quite poor so don't expect too much conversation.

French kissing was given enthusiastically if a little unvaried in style.

Her penis sucking is again enthusiastically delivered but again lacking a certain finesse. A bit more tongue and saliva would be a good improvement but I think she will get better at this.

Eventually I came a huge load into her mouth and to her credit she took every drop with no sign of alarm.

After a brief interval she managed to coax a second erection and we had sex in mish but I was unable to come again.

A great girl with a brilliant attitude. However I doubt I would return due to her inexperience and a certain reserve which I found a little off putting.
