The Lady:

Stunning, better than it says on the box. Amber is just the most beautiful girl that I have met and I told her so, but this not what you need to know!

She stands about 5-6, but in her heels wow, she towers, her chocolate brown very curvy figure and wonderfully shaped firm rounded breasts inviting you to massage them and suck her beautiful erect nipples which she loves and responds to.

The Story:

We stood and kissed as she straight away explored my groin, gently and expertly withdrawing my hardening member and caressing the head with her thumb and forefinger as her breaths hastened cupping my balls, wanking me until I was full on and ready.

I felt down for her wetness as her lips parted moistening my fingers as she flushed and sighed pulling me down onto the bed on top of her with knees raised and parted she clasped the back of my head pulling me down hard invitingly to taste her waiting swollen cunt lips.

Amber writhed and arched her back lifting upwards as I sucked and teased her clit penetrating with my tongue tip as she immediately orgasmed freely and greedily. Pulling me alongside her she took me deeply into her mouth her moist lips gently gripping my shaft her tongue rotating around the head as I hardened, rigid like never before

Amber was now alive with hunger and quickly found the rubber placed underneath her pillow unhesitatingly and quickly rolling it in place before mounting me in one rapid but gentle movement easing down onto me stopping for a while in this position to grip then release my shaft with her muscles again and again without making a further bodily movement. She judged me perfectly holding me on the edge for ages as her tongue explored my mouth then rode me like a demon. I was about to explode but she wanted more and lay onto her side guiding me deep inside her as she pushed harder and urgently towards me taking every centimetre that I could offer into her hot tight

sweet opening. I went down on her again and again but she needed a finish as much as I did and took me firstly backwards for a deep insertiion then turned and straddled me for a passionate finish grinding down harder and harder until I pumped out my all as she flung her head back and smiled that smile we love to see. We lay together caressing as she squeezed out the last drop of cum from my now resting shaft untill the time came to leave, both exhausted and both spent planning our next encounter, but get in there first if you can. Amber is quite quiet but sex on wheels, horney and absolutely amazing

Not only the best fuck in Annabella?s by far but also in MK and I should know I have tried most of them over the years, but Amber you really know how to satisfy a guy, one hell of a shag, thank you, you were fantastic, next time longer if I can find the energy
